Aims

The Plum ISA is a Stocks and Shares ISA and is designed to:

- provide the opportunity for capital growth;
- offer tax efficient investments through an ISA; and
- allow you access to your money. Although this should be considered a long-term

investment, you can make one-off withdrawals at any time

Your Commitments

Before you open a Plum ISA you must ensure that you understand the features, benefits and risks of our ISA, so that you can be sure it will meet your needs and expectations.

You must ensure that any regular or single subscriptions paid do not exceed the ISA subscription limits.

You must provide us with any information we require when setting up the ISA and agree to be bound by our [Investment Terms and Conditions](#). You agree to take responsibility for the choice of the investments in your ISA.

Risks

Some of the risks below refer to the investment performance of the funds in your ISA. Remember that you are responsible for the investment decisions. In many instances, the funds you invest in will also have Key Information Documents that outline the specific risks applicable to that investment and you are recommended to read these as well as this document.

The value of investments held in your ISA can go down as well as up, as with all investments. You may get back less than the amount invested.

Past performance is not a reliable indicator of future results. You should note that the rules relating to the taxation of ISAs and of capital gains, and income from investments held within them, are subject to change.

²
You should not invest in, or deal in any financial product unless you understand its nature and the extent of your exposure to risk. When you invest you should be satisfied that it is suitable for you in the light of your circumstances and financial position.

If, after considering these risks, you have any doubts about the suitability of the Plum ISA or if you need further information then you should contact a qualified financial adviser.

Frequently Asked Questions

What is an ISA?

An ISA (Individual Savings Account) is a tax efficient way of saving or investing, as all income and capital gains arising within an ISA are currently exempt from any personal liability to UK Income Tax and Capital Gains Tax.

There are four types of ISA:

- Cash;
- Stocks and Shares;
- Innovative Finance;
- Lifetime ISA.

A payment by you into an ISA in any tax year is called a contribution. ISAs can only be held in a sole name. ISAs held in joint names are not permitted. Plum only offers a Stocks and Shares ISA.

Could the Plum ISA be right for me?

The Plum ISA could be right for you if you:

- Are looking to build up a portfolio of investments in a tax-efficient way;
- Understand that growth is not guaranteed;
- Want unrestricted access to your money. You must sell any investments to obtain your cash and you will lose any tax advantages;
- Require access to a range of investment opportunities;
- Are looking for a long-term investment.

If you are in any doubt about the suitability of an ISA you should contact a qualified financial adviser.

Can I have an ISA?

You can join and contribute to an ISA with us if you are aged 18 or over and are resident in the United Kingdom for tax purposes or, if not so resident, either perform duties which, by virtue of Section 28 of Income Tax (Earnings and Pensions) Act 2003 (Crown employees serving overseas) are treated as being performed in the United Kingdom or you are married to, or in a civil partnership with, a person who performs such duties.

You must inform us if you cease to be so resident or to perform such duties or be married to, or in a civil partnership with a person who performs such duties.

You must not already be subscribing to a Stocks and Shares ISA for the current tax year.

What are Plum's ISA fees ?

Our ISA fees are available under the [Fees section](#) on the Plum website and illustrated in Schedule 1 of this Key Features Document.

What other Terms and Conditions apply?

Our ISA terms and conditions are set out in the Plum [Investment Terms & Conditions](#).

Who can pay subscriptions into my ISA?

You can subscribe to your ISA if you are aged 18 or over, are resident in the UK and have not subscribed to another Stocks and Shares ISA in the current tax year. Once your ISA is set up you can pay single and/or regular contributions, subject to the minimum and maximum contribution limits set below.

Are there any contribution limits?

The minimum contribution you can add is £1. There is no minimum monthly contribution to be

paid into the account. The maximum annual limit for subscriptions is currently £20,000 (subject to future changes).

If you have already subscribed to a different Stocks and Shares ISA in the current tax year, then you are not permitted to subscribe to our ISA for the remainder of the tax year unless you are transferring that ISA to the Plum ISA. You can transfer your ISA from one provider to us at any time (see below).

If you have subscribed to a Cash ISA and/or Innovative Finance ISA in the current tax year, then you may subscribe to our ISA, but the combined subscriptions must not be more than £20,000.

How can contributions be made?

Using Plum and the Plum brain you can make contributions to your Plum ISA.

There are three ways in which you can contribute:

- (1) One-off, from your Plum Balance
- (2) One-off, from your linked bank account
- (3) Regularly, by investing parts of your Plum Auto-savings

Can I transfer existing ISA investments to Plum?

You can transfer your existing ISA, into an ISA with us. In order to do this, you can request a transfer form by contacting help@withplum.com. The transfer can be in the form of a cash payment and in this case, you will have to sell all of the investments held under your current ISA before the transfer is completed.

Alternatively, you can also transfer existing investments into an ISA with us provided that the holdings are among the holdings currently made available for investments through Plum.

Do I pay tax on any dividends or gains within my ISA? 5

ISAs are currently exempt from any personal liability to UK Income Tax and Capital Gains Tax. As a result, you do not have to declare any income and capital

gains from an ISA on any self-assessment tax return you may need to send to HM Revenue and Customs.

Any dividends received do not count towards your annual Dividend Allowance and any interest received does not count towards your Personal Savings Allowance.

Can I transfer my ISA to another ISA provider?

You can transfer the value of your ISA to another provider at any time. In order to do this, you should contact the new ISA provider.

The transfer will be in the form of a cash payment and so you will have to sell down your investments before the transfer can be completed. Transfers out in specie are subject to administration fees.

Where will my money be invested?

Your money will be invested in Exchange Traded Funds, or Mutual Funds of your choosing. These are managed portfolios of stocks and bonds. You are fully in control of what Exchange Traded Funds or Mutual Funds you select within the list of investments available through the Plum ISA.

Can I make regular investments?

You can make contributions to your Plum Individual Savings Account using the Plum app.

Can I obtain up-to-date valuations?

Yes. You can check the value of your holdings at any time through the Plum app, and can find valuation, performance, and contribution details there.

Can I withdraw money from my ISA?

The Plum ISA is intended to be a long-term investment. However, you can withdraw cash from it at any time.

You can either withdraw the full balance held in your ISA or withdraw part of the balance. There are no charges for withdrawing cash from your Plum ISA. Withdrawing from your ISA could lead to loss of tax-free benefits. This is not a flexible ISA so you cannot withdraw cash and pay it back within the same tax year without it counting towards your annual ISA subscription limit.

To withdraw cash from your ISA, you will need to sell the investments required to generate the cash value for a withdrawal.

Can I receive an income?

Any income generated from the assets inside your Plum ISA will be reinvested, so it cannot be withdrawn as natural income.

What happens if I die?

Once we receive information in regards to the death of an ISA user, we take a number of steps to designate the ISA as a "continuing account of a deceased investor".

The ISA will remain open until the earlier of:

- The completion of the administration of your estate;
- The closure of the account;
- The third anniversary of your death

We will not accept any new subscriptions or Transfers In. However, active management of the investments already held within the account may continue. We will liaise with the person dealing with the estate and so it is important that they hold details of the ISA.

After the third anniversary of your death, if the account remains open still, the tax advantages will be removed. It will no longer be deemed an ISA and will become subject to the Plum [Investment Terms & Conditions](#) a GIA.

Can I change my mind?

You have a legal right to cancel your ISA if you change your mind. A cancellation notice is provided in Schedule 3 of this Key Features Document. This will give you the right to cancel your ISA within 30 (thirty) days of the first payment or transfer being received into your ISA.

Your ISA will be invested in assets during this period. If you choose to cancel your ISA during the cancellation period, any investments held in it will be sold and we will return any contributions or transfers. In the case of a transfer, the previous provider might not accept the funds back. The amount to be repaid may be less than the amount paid to us if the value of the investment has fallen at the time it is sold or where we have deducted any applicable charges.

How is Banking & Administration carried out?

When you move funds into your Plum ISA, any cash will be placed into a client money bank account held with Royal Bank of Scotland or another bank at the discretion of Saveable Limited.

This does not affect the funds held in your Plum savings balance.

The Plum ISA is provided by Saveable Limited. Saveable Limited has appointed Quai Administration Services Limited to undertake the day to day administration of the product.

Are there any compensation arrangements covering my ISA?

The Financial Services Compensation Scheme (FSCS) may provide protection if the Product Provider cannot meet claims made against it or if investments or money cannot be returned.

If you are eligible, the maximum level of compensation for claims against firms declared in default on or after 1st December 2025 is £120,000 per person per firm.

Further information about the compensation arrangements is available from the FSCS website at www.fscs.org.uk
